[READ MORE](#)

The Ghana Climate Innovation Center (GCIC) is a cutting-edge national business incubator located in Ghana. The Centre is an institute of Ashesi University, one of the country's premier tertiary institutions. The Centre was established in 2016 to support Ghanaian entrepreneurs and new ventures involved in developing profitable and locally appropriate solutions to climate change mitigation and adaptation. GCIC has incubated over 101 businesses with 31 being women-owned or led.
